God is Our Hope and Salvation

Luis: *(After I stopped going to Church because I had gotten sick and suffered very much.)*
Virgencita, please forgive me for having offended you.

Luis: *(I made some roses appear at the feet of the Virgin)* For you, Virgencita.

Saint Michael Archangel: *(St. Michael reminded me that everything that I have comes from God.)*
You made them with God's Light.

Virgin: They're very beautiful! Thank you, son.

Luis: *(I suffered from terrible temptations and bad thoughts.)* I am not worthy to see you. Please forgive me for all my afflictions.

Then I kissed the floor where our Father walks.

Saints: You don't have to do that. We know that it isn't your fault. We also had to overcome many trials, and we conquered them.

God Father: Nobody had ever done what you did. Because of that I will give you what you want.

I did not know how to defend myself against my enemies who were always harassing and hurting me. They had taken everything away from me. I couldn't even help the people that I love. I thought that maybe human justice could help me if I sued them.

Virgin: *(My Beloved Mother gave me her tender and wise advice.)* Son, don't fight for money...
Then I understood that only God is Just and that I would have everything with Him.

God Father: Now you can go.
