## 1. Reign in the Name of our Lord Jesus Christ

- A good leader must always govern with love, compassion, humility, wisdom and justice, because he governs for all and in his hands is the destiny of a nation.
- Council of Elders:
  - a) Twelve pure hearts that adore and bless the Lord's happiness, and do His Holy Will for His Holy Glory.
  - b) Mission:
    1. Love and do the Holy Will of the Great Creator
    2. Defend the rights and freedom of the people
    3. Fight against evil, injustice and corruption
    4. Love Humility and possess a Spirit of Sacrifice
    5. Guardians of Wisdom
    6. Protectors of the planet
    7. Defenders of Peace

## 2. Our Union Makes Us Strong

*Divine Shield and Sword of Justice*

- We must unite ourselves as brothers and sisters, as we have always been, and not divide us. Our union makes us strong.
- Defense of Mexico: Divine protection against all its enemies.  
The Promise of the Almighty: "Remember that you must never be afraid because I am always with you, watching over you." - God Father
- Mexico is a free and sovereign country and will never tolerate any interference in its internal affairs.

### 3. Mexico for Mexicans

*“The Corn is People, the People is Corn,  
and Corn has, Just like People, All the Colors and Tastes”*

- The natural resources of Mexico belong to all Mexicans, and not to foreigners nor corrupt politicians who want to seize them at laughable prices.
  - a) All the treaties against Mexico made by corrupt politicians who have betrayed the fatherland for their own benefit are annulled.
  - b) No to the privatization of water, oil, nor any other natural resource of vital importance to the country.
- Long Live Life! (Protection of the Planet)
  - a) Mexico will defend its flora and fauna (forests, jungles and deserts, mountains and valleys, rivers, lakes, and seas).
  - b) Responsible mining: The misery left by the mining companies that exploit the natural resources that are the heritage of all Mexicans is not even enough to repair the environmental damage left by these predators.
  - c) No to Genetically Modified Organisms.
  - d) No to Fracking.

### 4. Blossoming of the Arts, Science and Technology

*Destiny of Mexico*

- If German and Japanese technologies are recognized everywhere in the world, imagine how wonderful and amazing your discoveries will be when you awaken from your slumber, Guardians of Time!
- Annulment of Criminal Treaties: The Treaties of Bucareli are an infamous imposition to enslave the Mexican people.

- We can not miss the opportunities to collaborate with all our dear brothers and sisters in the advancement of our science, industry and technology, such as the creation of new 100% Mexican modern aircraft, the Mexican Eagles, and the exploration of the universe.

## 5. A Blessed, Prosperous and Strong Country

- Mexico must become a prosperous and strong country, and assume its role in history, as the People of the Sun.
- Father, we only need You.
  - a) The destiny of Mexico will not be dictated by any banker nor by foreign interests, but by the finger of God.
  - b) “I will bless Mexico.” - God Father
  - c) Whoever wants to leave Mexico, let them go. And whoever wants to be with God, take up their cross and follow me.
- Strong Economy
  - a) National Bank of Mexico.
  - b) Commerce in our own coin.
  - c) Pay off our foreign debt.
