Why?

Luis Angel López

Lord Jesus Christ, true son of God,
You who died on the cross for the the forgiveness of our sins,
and left us a beautiful message of love and peace,
why, in Your name, are the innocents still being crucified?

Why keep talking about that hysterical monster,
whose atrocities caused so much suffering in Heaven?
No, our Father is not deaf to His children's weeping!
And in His arms even the most wretched finds solace.

All the children belong to our Heavenly Father,
He loves and watches over all of them.
What punishment can an ingrate deserve,
when he kills an innocent, heir to His kingdom?

Therefore, do not imitate the horrors of those heartless people.
God does not reward violence among brothers.
Do not march with them to the place of darkness.
Do not lose your soul through deceptions.

Who can steal the rainbow's colors?
Would it look more beautiful without one of them?
No, it's not wise to commit such madness.
From God's heart, we are all sparks.
