If the World Hates You, Keep in Mind that It Hated Me First

Luis Angel López Salazar

It is very sad to see so many people suffer because of Coronavirus, especially because it should not have to be like that. It is you yourselves who have let them die. While some poor people have to play God and decide who lives and who dies because there is a lack of medical supplies, other miserable people profit from the pandemic and people's suffering. You fear the truth more than an insignificant virus. Hypocrites! Learn to fear God instead, who "can destroy both soul and body in hell." (Mt 10:28)

Why are you appalled if more than one hundred thousand people have died because of Covid-19, when millions of innocents have died because of your wars, hunger, and other preventable diseases, for so many years? You did not care about them because they were poor. "Depart from Me, you who are cursed, into the eternal fire prepared for the devil and his angels. For I was hungry and you gave Me nothing to eat, I was thirsty and you gave Me nothing to drink, I was a stranger and you did not take Me in, I was naked and you did not clothe Me, I was sick and in prison and you did not visit Me." (Mt 25:41) You spat in my food, like you spat in the Lord's face, while I gave His bread and wine to my children who were starving to death. You judged me and did not let me sing and serve my Father in His house, while my enemies tried to kill me. You laughed at me because I was poor and always wore the "same old clothes." You made me sick because of so much evil, and then you insulted me and made fun of my suffering.

You have seen how my enemies rebelled against God and did not tire of committing crimes against humanity, while the law washed its hands. When will you stop suffering? How many more tragedies have to fall on the world until it stops hardening its heart? Repent your sins and come back to God.
