**What is Worse:  
Pornography or the Ones who Judge and Hurt?**

ESRI: He watches pornography and he masturbates.

*Jesus Christ: Yes, he is a young man.*

ESRI: But he is sinning!

Why don't you send him to hell?

*Jesus Christ:*

*If I sent everybody who masturbates to hell,  
there wouldn't be a soul in Heaven.*

*You also did that when you were young, and even worse things.*

ESRI: I didn't do anything bad...

*Jesus Christ: Do you want me to tell you all the bad things  
you have done, in front of your wife?*

# You Judged Me

*This is not a yearning,  
nor an accusation.  
It is just another chain  
that breaks into a thousand pieces.*

You judged and rejected me  
because I watched pornography.  
You spurned my love  
and now look at yourself crying.

It is true that I used to watch pornography  
because I was young and needed to feel loved.  
I did not want to be with any other man,  
because I wanted you to be the first  
and only man in my life.  
Because I wanted to give you  
the most beautiful gift of your life.

But how did you know that I watched pornography,  
if it was not from my enemies themselves,  
who hurt me so much?  
What were you doing with them?

I watched pornography when I suffered,  
because of all the evil things that they did to me.  
I watched pornography to forget my pain,  
while I was dying.

I do not like pornography  
because I love my daughters so much.  
And I do not like to see them suffer,  
while they are sinning.

Therefore, what is worse:  
pornography or the ones who judge and hurt?  
Just like my enemies, you judged me, too.  
And just like my enemies, you hurt me, too.

You judged me because I watched pornography,  
while you had sex with other men...  
And you judged me because I watched pornography,  
while my enemies were killing me.
